The fixed price repairs for radios are for electronic repairs only. (Radios 1- 6 above) If new housing is required, we will contact you and quote prior to fitting. Fixed Price Repair excludes antenna, battery, control knobs, display modules, metal chassis and charging equipment. Some radios may not be repairable due to liquid ingress, software/hardware issues and PC board damage. I follow a no fix, no fee policy, so if your radio is not repairable by me you will only have to pay the return shipping fee if you want the equipment returned.

Please include Mike Ashby Comms in the first line of the above address. A number of businesses operate from the above site and reception needs to know who the package must go to.

UK (Mainland) return shipping is £9.65 per consignment if repairs are under £350.00 and free if repairs are over £350.00 per consignment. Smaller batches of radios may be sent via Royal Mail for £7.50. For outside the UK Mainland and EU please contact me for pricing.

NB: Please note that where possible, kindly ship radios without batteries (bodies only}
